Discover School Safety-Related Grant Opportunities All in One Place

The SchoolSafety.gov [Grants Finder Tool](#) is a decision-making support feature to help schools and districts determine the eligibility and applicability of funding opportunities for their specific needs, challenges, and characteristics.

The tool helps members of the kindergarten through grade 12 (K-12) school community more easily find, apply for, and ultimately receive school safety-related funding. It houses Federally available school safety-related grants in one centralized location, as well as provides school personnel with a variety of ways to search for and access grant opportunities from across the Federal government. K-12 schools and districts can use the tool to find funding opportunities to enhance, promote, and advance school safety measures and initiatives.

Easy-to-Use Features to Find Federal School Safety Grants & Funding Opportunities

The tool provides several, easy-to-use features to assist members of the K-12 community in finding grants and funding opportunities for their school or district. Through the tool, schools and districts can:

- Take a comprehensive quiz to determine their eligibility and applicability for grants that match their specific school needs.
- Search through pre-populated lists organized around relevant grant topics.
- Filter grants by specific criteria such as school safety topic, award amount, application level of effort, and more.
- Sign up for the [Grants Finder Tool email list](#) to be notified when new grant opportunities are made available on SchoolSafety.gov.
